Volunteers are the lifeblood of our organisation. We are always looking for help to deliver our charitable services. If you, a family member or friend would consider volunteering as a driver or duty officer, please contact our team.

### Funding, Sponsorship, Legacies and Donations

Camberley Care does not receive any direct funding from government and relies totally on donations from its clients, individuals, businesses, local churches and support from other charities.

If you feel able to support Camberley Care through the organisation of a fundraising event, the provision of a donation or perhaps a bequest, you can be sure that your support will be put to good use.
